Instantly Watching Movies from Netflix

Please check that the most current software is loaded on this player by selecting auto update on the player menu screen (See operation manual pages 46–47) or by visiting http://www.sharpusa.com/products/support/ to check for a download of the newest software version.

This function allows you to enjoy Netflix through the Internet.
Netflix is an online DVD and Blu-ray Disc rental service, offering rental-by mail and streaming instantly to Netflix unlimited members.
• To enjoy this function, make a broadband Internet connection to both your PC and this player (See operation manual page 18), and then set communication settings (See operation manual pages 42–44), then perform the following operation.
• Before using this function, please read "Network Service Disclaimer" (page 3).

NOTE
• Netflix is not available when a proxy server is used for an Internet connection. (See operation manual pages 42–43.)
• As the registration process takes time, we recommend setting "Auto Power Off" to "No" before starting the registration. (See operation manual page 40.)
• The streaming quality (SD or HD) depends on the network speed and original bit rate of the title.
• For more information on the Netflix visit http://www.netflix.com/help or login to your Netflix account and click "Help" at the top of the page.
• Netflix is only available in the US.
• Illustrations are examples and may differ from the actual Netflix screens.
