*Note – Do not Extract the Firmware update file to any sub-folder on the USB memory device. The Firmware update file must be in the root directory.

- Before removing your USB memory device from the computer, ensure that you "Safely Remove" it. Click on the icon that appears like this:
 and is labeled "Safely Remove Hardware".
- 5. A small submenu will appear saying: "Stop USB Mass Storage Device" (a series of Drive letters may also be listed). A confirmation screen should appear, letting you know it is safe to remove the USB memory device.

Safe To R	emove Hardware X
٩	The 'USB Mass Storage Device' device can now be safely removed from the system.
	OK

- 6. Physically remove your USB memory device from the USB port on your computer.
- 7. Follow the steps on the next page to perform the Firmware Upgrade of your Sharp AQUOS ® LCD TV.

On-Screen Display Menu

 Insert the USB memory device with the update file into the SERVICE terminal on the TV.

- 2 Press MENU to display the MENU screen, and then press ◄/► to select "Digital Setup".
- 3 Press ▲/▼ to select "Software Update", and then press ENTER.
 - If you have already set the Secret No., go to step 4.
- 4 Input the 4-digit secret number by using 0-9.
- 5 Press ENTER to start checking the data in the USB memory device.

Insert the t	USB memory device containing he software update file.	
	ОК	
		_

6 During the data checking, "Checking" blinks.

 The current version of the TV software and the version of the update file on the USB memory device are displayed. To update the TV software with the update file, select "Yes", and then press ENTER.

- If the USB memory device is not properly installed or the correct update file cannot be found on the USB memory device, an error message is displayed.
- Check the file on the USB memory device, and then reinsert the USB memory device correctly.

CAUTION

- Do not remove the USB memory device or unplug the AC cord while the software is being updated.
- 8 When the software is successfully updated, a screen is displayed indicating that the update process is completed.

After this screen is displayed, the TV automatically turns off and then turns on again.

9 After the screen shown below is displayed, press ENTER.

10 Remove the USB memory device.
