\*Note – Do not Extract the Firmware update file to any sub-folder on the USB memory device. The Firmware update file must be in the root directory.

Before removing your USB memory device from the computer, ensure that you "Safely Remove" it. Click on the icon that appears like this:

and is labeled "Safely Remove Hardware".

5. A small submenu will appear saying: "Stop USB Mass Storage Device" (a series of Drive letters may also be listed). A confirmation screen should appear, letting you know it is safe to remove the USB memory device.

- 6. Physically remove your USB memory device from the USB port on your computer.
- 7. Follow the steps on the next page to perform the Firmware Upgrade of your Sharp Blu-ray player.

## Software Update

This function allows software updates by inserting a USB memory device with the update file into the BD STORAGE/SERVICE terminal on this plaver.

To check for the availability of a software update, visit www.sharpusa.com. If you have any questions, please call 1-800-BE-SHARP (800-237-4277).

- 1 Insert the USB memory device with the update file into the BD STORAGE/SERVICE terminal on rear of this player.
- 2 Press **SETUP** to display the Setup Menu screen.
- 3 Press  $\blacktriangle/ \bigtriangledown / \checkmark / \blacklozenge$  to select "Settings", then press ENTER.
- 4 Press ▲/▼ to select "Software Update", then ENTER

• If you have not yet set the password, go to step 6.

5 Enter the 4-diait number using 0-9.

6 Press ENTER to start checking data in the USB memory device.

version of the update file on the USB memory device are displayed. To update this player software with update file, select "Yes", and press ENTER.

 If the USB memory device is not properly installed or the correct update file cannot be found on the USB memory device, an error message is displayed. Check the file on the USB memory device, and then reinsert the USB memory device correctly.

- **9** When the software is successfully updated, a screen is displayed indicating that the update process is completed.
  - If the update has failed, check the file in the USB device and try Software Update again.
- **10** Press **POWER** to turn off the player.
- **11** Remove the USB memory device.
